Dear Sirs,

**Re: Golborne Girls Football Club – Community Sponsor Funding 2010 / 2011**

Established in 2003 and awarded The Football Association Charter Standard in 2009 Golborne Girls Football Club is only a few months from this seasons end and looking for sponsors or individual donations to assist us through the 2010 / 2011 season.

We anticipate entering two football leagues with teams at Under 8, Under 9, Under 10, Under 11, Under 13 and possibly Under 14.

The teams train on two nights and will play on a weekend. They also participate in local tournaments and community events. The club is based at Golborne Sports and Social Club and operate for most of the year.

In return for your goodwill we will use your name wherever possible in press releases and generous publicity on our website.

As a club we appreciate that sometimes a full sponsorship package can be expensive and with this in mind we have a community sponsor funding programme in place.

Our aim is to develop the club with outside financial support to ensure those wanting to train and play can do so at a reasonable cost. Season 2009 /2010 saw the club lose members due to economic climate. The club is dependent on a certain level of players to operate.

Player's safety is of paramount importance. We are required to provide suitable facilities, qualified volunteers to cater for all abilities, training equipment, match-wear and match equipment.

Unfortunately to get all the above in place and make it affordable across our community a difficult task indeed.

Our community funding sponsor programme will allow you to help us to help others and aid in the future of grass roots football for girls.

Golborne Girls Football Club represents 'Grass Roots Football' for our community. We are a community club where all are made welcome regardless of experience and ability.

Should you wish to discuss the options available to you, please contact us via the website:

Yours Sincerely

*Lyndon Molyneaux*
